

Louisiana Thoroughbred Breeders Association

Mare Registration Form

(Revised 2022)

Within thirty (30) days of arrival in the state of Louisiana, or transfer of ownership, all mares must register with the Louisiana Thoroughbred Breeders Association for the purpose of participating in the program for accredited Louisiana breds. The fee for registering a mare is fifty dollars (\$50). The fee for transferring a mare is fifty dollars (\$50). Registration fees shall be the responsibility of the owner, and transfer fees shall be the responsibility of the new owner. If the mare in question was bred by its current and only owner in Louisiana, no registration fee is needed; however registration is required.

If the registration takes place after 60 days of new ownership, or entry into the Louisiana Thoroughbred Breeders Program, the fee will increase to \$250. In the event a mare has not been registered and an application of accreditation is filed, notarized documentation verifying a Louisiana domicile at the time of foaling must be submitted to the grievance committee for approval of accreditation, along with \$250 mare registration fee and the appropriate foal accreditation fee.
