I hereby certify that the above foal is eligible for accreditation as a Louisiana-bred as described in Part C, Section 1 of the By-Laws of the Louisiana Thoroughbred Breeders Association (see reverse side). I am fully responsible for the information furnished on this application and assume full responsibility for the registration of the horse with the Jockey Club and agree that if the horse is later proved to be ineligible due to registration based upon false or fraudulent information, then (1) the horse shall no longer be considered an accredited Louisiana-bred, (2) I may be forever denied the privilege of registering any animals as accredited Louisiana-breds, and (3) all my rights and privileges of membership in the Louisiana Thoroughbred Breeders Association shall be surrendered. The undersigned certifies that he/she has full power to execute and file this form.

PLEASE READ REVERSE SIDE BEFORE SIGNING.

PART C. BREEDING AND AWARDS (Part C Revised 12/08/11)

Section 1.

(A) Foal Accreditation: In order to have a foal accredited as a Louisiana Bred Horse, the following requirements shall be fulfilled.

- (1) The foal must be born in the State of Louisiana.
- (2) The foal's dam must be domiciled in the State of Louisiana and meet the appropriate residency requirements based on her designation as an imported, a resident, sale, departing, in-foal, or barren mare. All mares entering the program must be registered with the LTBA upon entry into the State of Louisiana and upon each transfer of ownership thereafter. As set forth by the LTBA rules, failure to register a mare and her domicile in a timely manner shall result in penalties and/or in the mare's foals being denied the status of an Accredited Louisiana Bred. All mares are subject to inspection at any time.

(a) An Imported Thoroughbred Broodmare is a broodmare that is having her first Louisiana dropped foal, or resided outside Louisiana after August 1st of the year covered. An imported Thoroughbred broodmare is either:

1. A mare who arrives in Louisiana in foal to an out of state stallion and after foaling, if bred, must be covered by a Louisiana domiciled stallion in that foaling year, and pregnant or not, must remain in Louisiana through December 31st of the foaling year, except that her sale at a public Thoroughbred sale after six (6) months of Louisiana residency of the foaling year, will not affect eligibility of her foal.

2. A mare who has undergone a change of ownership, a maiden mare, and/or a mare that arrives in Louisiana in foal to a Louisiana domiciled stallion, if bred in that foaling year, may go out of state to breed provided she returns to Louisiana by August 1st of the year bred. A departure form before she leaves and arrival form when she returns must be filed with the LTBA office. This mare, pregnant or not, must remain in Louisiana through December 31st of the foaling year, except that her sale at a public Thoroughbred sale after six (6) months of Louisiana residency of the foaling year, will not affect eligibility of her foal.

(b) A Resident Louisiana Thoroughbred Broodmare is a broodmare that has previously dropped a foal in Louisiana and permanently resides in Louisiana, except that during the breeding season she may leave for breeding purposes, but must return to Louisiana by August 1st of the year bred. She must remain in Louisiana if in foal until that foal drops or through December 31st of the year bred if not in foal. Such mare must be bred on alternate years to a Louisiana domiciled stallion. However, if the cover to the non-Louisiana domiciled stallion does not produce a live foal, such mare may be bred to a non-Louisiana domiciled stallion during the following breeding season.

(c) Sale Mares. If a mare is sold after foaling in Louisiana it will be incumbent on the breeder to verify to the LTBA that the sale is authentic in order to maintain the accreditation of the last live foal produced by the mare provided the mare has domiciled in Louisiana 6 months of that foaling year.

1. If a mare is entered in an advertised public Thoroughbred sale, sold or repurchased in that sale, and will remain in the Louisiana Program, she may leave the state only for the interval of that sale, and must return to Louisiana within fifteen (15) days of her sale/repurchase if the foal she is carrying is to maintain eligibility for accreditation.

2. An imported mare that has dropped a foal in Louisiana, been bred back to a Louisiana domiciled stallion, and completed 6 months of residency in Louisiana can be sold at an advertised public Thoroughbred sale and depart Louisiana without jeopardizing accreditation of the foal of that year dropped in Louisiana.

3. A resident mare that was bred to a Louisiana domiciled stallion or bred to an out of state stallion and returned by August 1st of the year bred can be sold at an advertised public Thoroughbred sale and depart Louisiana without jeopardizing accreditation of the foal of that year dropped in Louisiana.

(d) Departing Mares. A mare that voluntarily departs the Louisiana Program without meeting sale provision (c) above cannot register in the program for one entire breeding season after departure and will be considered an imported mare on re-entry. The following mares may depart the Louisiana Program without jeopardizing the accreditation of that year's foal out of the departing mare.

1. A resident mare that foaled a Louisiana domiciled sired foal and has completed 18 months of residency in Louisiana.

2. A resident mare that was bred out of state returned to Louisiana by August 1st and completed 6 months of residency in the foaling year.

3. An imported mare that dropped her foal in Louisiana was covered by a Louisiana domiciled stallion and completed residency through December 31st in the foaling year.
